Trevor had bad intentions from the start. He was never going to marry Candace, he was with her for sex and money. Candace Hall was a classy rich woman who could get any man she wanted. Trevor was a nickel and dime drug dealer when she first met him. After sleeping with Trevor she went crazy over him. Trevor was the type of man who bragged on his sexual healing, as he called it, with his partners, until he met his match Shelia. Everyone called her Strawberry, a local name from the strip club she danced at. Shelia wanted money, sex and power. She was a

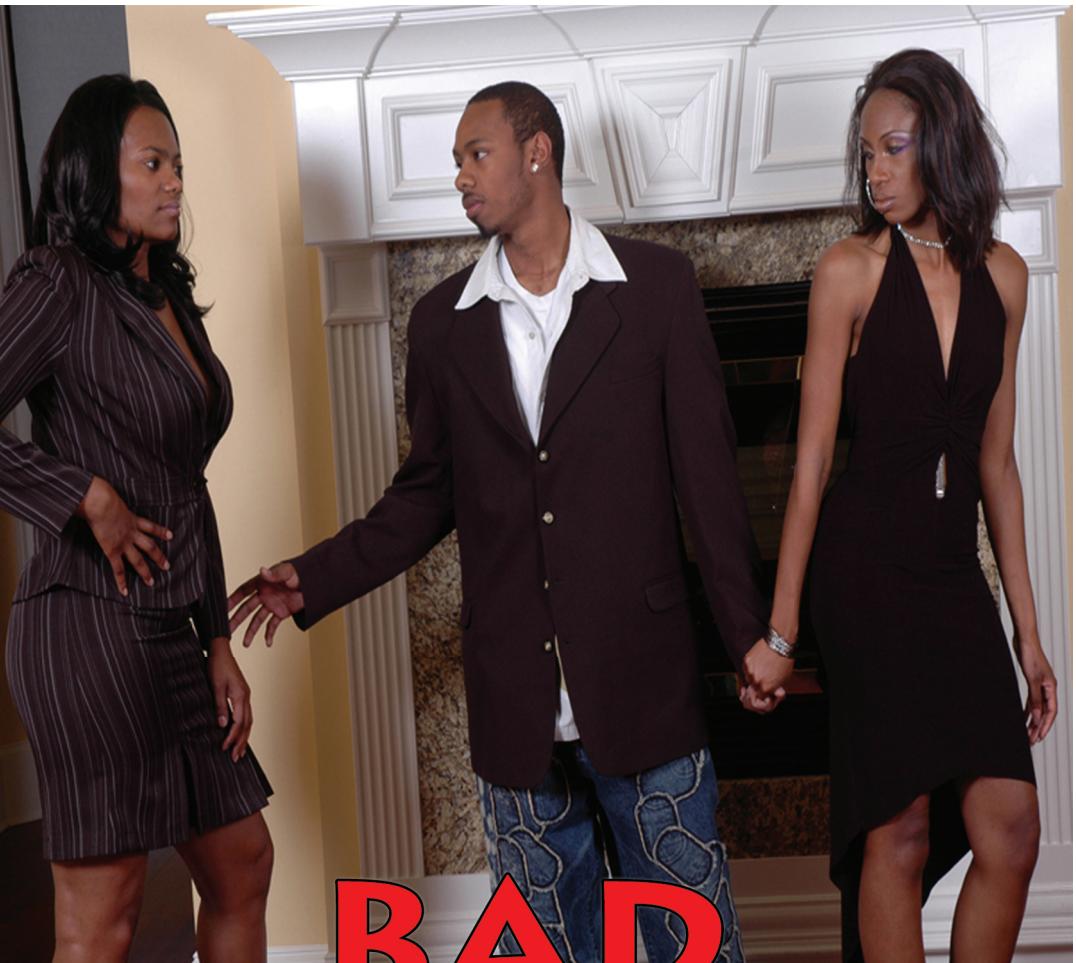

bossy chic who wanted all men to fall at her feet because she was a stripper and knew just what men wanted.

Trevor soon fell in love with Shelia while he was still getting sex and money from Candace, lying to her about how he loved her and was going to marry her. Candace soon found out that Trevor was a two time looser and a cheat. When she finds out he is cheating and in love with Shelia all hell breaks loose. Shelia has a few secrets herself. Not only that, Trevor likes to play it close between the sheets with two other women. Trevor will be in for a painful surprise.

Candace is classy! She's far from the Ms. Innocent she pretends to be. She has a dark secret herself. Will Candace get even and handle Shelia, and the rest of Trevor's scheming women? Or will Candace give Trevor a taste of his own his medicine?
